

## TRANSFORMING LIFE

### LIVING HOPE COMMUNITY SCHOOL

Living Hope Community School is an orphanage school that enables orphans and vulnerable children access free education that will equip them for a better future. This has made them smile again despite the death of their parents due to HIV/AIDS pandemic, wars and diseases. About 50 children are provided with educational support, food, shoes, and uniforms by the school. Each day, the number of children seeking support of this nature is increasing basing on the population growth of orphans in the area. The teaching staff at the school is qualified and loving. The call and deep heart desire of these children is that you share in their sorrow, and finally share your hope & smile with them. This can be done through providing what they need to be educated. For more information contact: [school@livinghopeuganda.org](mailto:school@livinghopeuganda.org)

## ADULT LITERACY

### ADULT LITERACY & SKILLS TRAINING PROGRAM FOR WOMEN

Women of Hope; is an Adult Literacy and Skills Training Program for Women at Church and community level. Through this program, 500 women have benefited. The skills training program equips women with a variety of skills in candle and soap making, etc. Living Hope desires to establish candle and soap making project to support poor women and children with employment, education, food, clothing and medical care after the sale of the products. Our target is to rescue and restore women and children who have been humiliated and frustrated by their families. Establishing this project requires starting capital to purchase materials as well as the equipments. If you are willing to raise some support, please contact: [admin@livinghopeuganda.org](mailto:admin@livinghopeuganda.org) ; [winwomen@livinghopeuganda.org](mailto:winwomen@livinghopeuganda.org)

## PIGGERY PROJECT

### THE PIGGERY PROJECT

The Piggery Project supports a free and self-sufficient population in rural Ugandan villages by helping families to create self-sustaining piggery farms. Small-scale piggery farms in rural communities are making a difference in the lives of rural communities, but the project needs assistance with funding to enable it to grow and prove sustainable in the long term. Your tax-deductible charitable contribution will bring up three female pigs to a community and build a future in one of the most poverty stricken areas of the Uganda, as each donated pig brings hope for economic sustainability to a family. This Piggery Project is targeting to serve 1000 families during its project life cycle; this is distributing about 2000 pigs. Each pig helps to keep a needy family from hunger and poverty.

For more information about this project contact: [admin@livinghopeuganda.org](mailto:admin@livinghopeuganda.org)

## FRIENDS OF HOPE

### FRIENDS OF HOPE

As you are aware, Uganda's population consists of more than 51% young people therefore the future of this nation lies into their hands. These future leaders have many challenges that range from cultural, psychological, social, economic and political and these have routinely affected their choices. The challenges of these young people need a mechanism that will effectively address them. Mechanisms that will help them have friends who can offer guidance, encouragement and support. Without such a mechanism, the challenges will powerfully exist and their effects will be of great havoc to the youth in the community and the entire nation. For this reason, Friends of Hope was incepted purposely to sensitize the youth about HIV/AIDS, drug addictions, counseling street children and the youth, and to impart vocational skills among young people who have been dropped out of school due to poverty and other causes.

## CHURCH PLANTING

### THE NEED

- Financial and educational support to orphans
- Starting capital for establishing candle and soap making project to support poor women and children with employment, education, food, clothing and medical care
- Assistance for the piggery project that target to serve 1000 families.

We're always grateful for your continued support in fronting the cause of poor communities in Uganda.

REV. ELIJAH  
CEO LIVING HOPE UGANDA
